General Educational Development (GED) Information

The New GED Test:

In 2014, the GED Testing Service, in partnership with Pearson VUE, began to offer the GED examination as a computer-based test. The new version is aligned to the Common Core State Standards (CCSS) and is designed to reflect the knowledge and skills that are needed for college and career success. New London Adult Education offers intensive instruction in English and Spanish to prepare students to meet the rigorous requirements of the new GED test.

How to Register for the GED Test:

Visit www.GED.com to sign up and create an account. After creating an account, you must complete a paper registration at the Adult Education Office and receive approval for testing. The exam is offered weekly in English and Spanish and students schedule themselves. Connecticut GED Test eligibility requirements are:

1. Individuals 17 or 18 years of age at the time of GED Registration must submit documentation that they have been officially withdrawn from a Connecticut school for at least six months. Individuals who are 18 years of age may submit, in lieu of a withdrawal form, a letter from the last high school attended stating that the class they entered in ninth grade (or would have entered if never enrolled) has already graduated.
2. A withdrawal document is needed for all 17 and 18 year olds. All 17 year olds need a withdrawal document with parental signature.
3. Individuals aged 17-18 who are home schooled, should request a "Home School Attestation" form signed by the GED Administrator from the CT State Department of Education. Forms may be requested by email at ged@ct.gov or telephone (860)-807-2111.
4. \$13 registration fee for ALL registrants who are 21 years and older. No fee for veterans.
5. Current CT picture ID or valid government-issued ID required at time of registration.

GED Test Accommodations:

Create an account at www.GED.com. Print and complete the accommodations request form for your disability. Attach documentation for your disability and fax your forms and supporting documents to (202)-464-4894. For further information, contact Karen O'Connell (860) 437-2385.

GED Test Content:

The GED Exam is a four-part battery including Reasoning through Language Arts (RLA), Mathematics, Science and Social Studies. Test items are multiple choice, short answer, extended response, drag-and-drop, hot spot, and fill-in-the-blank question formats. Writing is required in one of the four tests and mathematical questions are also included in the Science and Social Studies test components. A brief description of the four parts appears below:

RLA — Focuses upon informational texts (75%) including nonfiction drawn from science, social studies and workplace contexts and literature (25%). These texts reflect a range of complexity levels, in terms of ideas, syntax and style. The writing tasks, or Extended Response (ER) items, require test-takers to analyze source texts and use evidence drawn from the texts to support their answers.

Mathematical Reasoning — Covers two major content areas: quantitative problem solving (45%) and algebraic problem solving (55%). Problem solving skills are measured by questions from both academic and workforce contexts. Candidates are provided with an on-screen calculator.

Science — Focuses upon three areas: life science (40%), physical science (40%), and earth and space science (20%). The test includes items that measure textual analysis and understanding, data representation and inference skills, and problem solving that centers on the themes of human health and living systems and energy and related systems.

Social Studies — Covers four major content areas: civics and government (50%), US history (20%), economics (15%), and geography and the world (15%). Two major themes are emphasized: the development of modern liberties and democracy.

Job, Employment and Training prepares students for the future

JET is an employment and training program for eligible out-of-school youths between the ages of 17-24. Funded by the Eastern CT Workforce Investment Board, the program is designed to assist eligible youth who want to move from high school dropout

to high school graduate and/or to advance from unemployed or underemployed to gainfully employed and/or to enter college or training programs. Program components include:

Work Readiness Skills: resume creation, interviewing techniques, dress for success, leadership opportunities, and basic computer literacy skills.

Career exploration: job shadowing and internships.

Education & Training: basic skills, high school diploma or GED offered with flexible schedule and part-time attendance, post-secondary education or occupational skills training, financial assistance and transportation for eligible participants.

FAMILY LITERACY

Where parents and children learn together

The family literacy program includes four components: adult and parenting education, early childhood education, and interactive literacy activities for the parent and child. The adults attend ESL, high school completion, or GED classes with the focus on improving the skills necessary to lead to employment or post-secondary training.

The adults are enrolled in parenting classes designed to assist them in becoming their child's first teacher.

The children participate in an age-appropriate early learning program to prepare them for transition to kindergarten and future academic success. Literacy in the home is fostered through parent and child activities centered on children's books and strategies introduced during parenting class.

Meeting the Demands of a 21st Century Economy

Southeastern Connecticut has been identified as one of the slowest regions in the country to recover from the effects of the recent recession. Labor market data shows the region as the most challenged area of the state and underscores the dire need for supportive employment transition programming. The Integrated Basic Education and Skills Training (I-BEST) program responds to the needs of those marginalized by educational and workforce skills deficits.

The I-BEST program engages basic education and vocational training instructors in the delivery of a collaborative program of contextualized learning that includes 50% instructional overlap. All areas include employability skills.

These trainings, which allow students to explore possible career pathways, focus on a variety of industry clusters.

Microsoft Office Specialist Certification

The Microsoft Office Specialist Certification: Word, PowerPoint, Excel and Outlook program teaches valuable skills that will help the student obtain an entry-level position or start a career pathway in the IT field. After successfully completing the classroom, lab, and homework requirements, the student will receive a certificate. Students will prepare to take the National Microsoft Office Specialist Certification exam.

Certified Nursing Assistant

The Certified Nursing Assistant program will provide students with basic nursing skills, classroom and clinical training which includes medical terminology. The program offers the opportunity to receive real life-based experience and practical training. Clinical training is completed in the state-of-the-art lab/classroom at New London Adult Education and a local nursing facility. The training course will include a basic skills education component. Upon successful completion of the course, students will take the State of Connecticut exam for CNA certification.

For additional information on any of these programs, please contact Sara Weeks at (860) 437-2385 VM 169

Introduction to Basic Auto Technician Training

This training program is designed to prepare students for an entry-level automotive technician position. Students will learn safety in an auto repair shop with the ability to perform a basic tune-up service. The training will include a basic skills component. Upon successful completion of the course, students will obtain an Introduction to Basic Auto Technician Training certificate.

Office Receptionist with Medical Terminology Certificate

This program will introduce and prepare students with the basic skills necessary to gain employment in an entry-level office position such as a receptionist, office clerk, office support, or data entry clerk. The training will include computer operations/applications, office and communication skills, medical terminology, and employment skills. The course will also include a basic skills component. Upon successful completion of the course, students will obtain an Office Receptionist with Medical Terminology Certification.

Introduction to Server and Culinary Arts With Food Handler's Certificate

Students will be trained in basic food service, which includes food handling, nutrition, sanitation, and instruction in the art of cooking, including techniques such as sautéing, baking, and grilling. The training course will include a basic skills education component. The students will develop competencies for a career in food establishments. Those who successfully complete the course and pass the exam will receive a certificate from Ledge Light Health District.

The I-BEST program is open ONLY to students currently enrolled in GED, High School Credit Diploma or ESL classes.

ARTS, CRAFTS & HOBBIES

200

Chinese Watercolor

The brush strokes of Chinese Watercolor seems simple, but create a profound statement. Through twists, rolls, presses, releases, drags and dots, the brush produces a flower's curling petal, a butterfly in flight, a fish wig-wagging through water or the precipitous drop of a waterfall tumbling down a mountain side.

ZENTANGLE

Zentangle® is an easy to learn method of creating beautiful images. NO ARTISTIC ABILITY REQUIRED! Each design is broken down into step-by-step instructions. Learn to relax (the “Zen” part) while creating beautiful, repetitive design work (the “tangle” part). Students will create beautiful designs while discovering a new way to relax and enjoy what happens on the paper. Students will learn a variety of “tangles” (patterns) and combine them in their own unique way. All classes taught by Carol Dunn, CZT (Certified Zentangle Teacher). If you need to purchase the Starter Kit, the cost is \$10 and includes the following: Sakura Micron Pigma pens, size .01 and .08 (or Graphic 1), pencil, tortillion, 5 paper tiles, and a cute little bag. This class will be live, online, using Zoom. You will need to download Zoom onto your computer BEFORE class (go to Zoom.us, or just google “Zoom.”) It’s free. I will need your email address to invite you into the online classroom. Once there, you will be able to watch me draw, listen to me talk, and talk to me as well. This is my first time doing this, so please have patience while we learn together! **Materials required for the classes can be picked up at New London Adult Education, Three Shaw’s Cove a week prior to the start of the class. – Register Early**

Harnessing the Miraculous Power of Group Intention To Create Healing

Come learn and experience the power of the group intention! This is a virtual gathering of like-minded individuals interested in harnessing the power of intention for each person's benefit. This group will learn how to harness their collective energies to aid in the healing of each other's lives. Each week we will focus on a different class member and their intention for healing. Each member can ask for healing physically, mentally or spiritually. There will be 2 one-hour Zoom classes and 8 bi-weekly 10 min. meditations done independently but simultaneously... so no meeting necessary for those 8 weeks. Let's harness our powerful intentional vibration and enjoy the results!

Tuesday October 20, 7-8pm – Zoom meeting as a group to learn the process. Then every Tuesday and Thursday from Oct 22nd through November 17th from 7:30-7:40pm Live-Online

Past Life and Future Life Regression

This 3-week class takes the student on an odyssey to the higher consciousness to access the wisdom found in past and future lives. Einstein says "People like us, who believe in physics, know that the distinction between past, present, and future is only a stubbornly persistent illusion." Perhaps learn how to move through blocks and obstacles or what your life is meant to accomplish. See accomplishments or struggles in the future which may serve you in this time. No prior skill is necessary.
